

858-002 Deco-Gum transparent

Deco-Gum is the ideal product to fix and position small articles for display, decoration, for fotos or even for soldering with PUK and Laser.

Not suitable for soldering with open flame.

Deco-Gum sticks to almost all surfaces, even on 90 degree, if the article is not too heavy. It is almost invisible and can be removed without leaving a spot.

Deco-Gum can be reused again and again. For use, just shape it with two fingers.

Deco-Gum is not a hazardous product. Please do not eat it and do not bring it into your eyes. Keep away from children.
